JAN'24
ALSERKAL
AVENUE

مهرجان القوز للفنون

The region's best-loved arts
& culture festival will be back on
27 & 28 January 2024

Featuring a diverse and dynamic programme of more than 200 activations, and bringing together more than 50 creative concepts from across Al Quoz, this year's festival celebrates a decade of success and features live music, art, contemporary dance, performing arts, food trucks, public art installations, wellness, and more.

Our identity this year was illustrated by Raphaëlle Macaron. Born and raised in Beirut, Raphaëlle began illustrating in 2012, with a particular interest in comics. In 2020, she published her first book "Les Terrestres" co-written with Noël Mamère and has worked on several short comics ever since.
